R Street improvements

City invites public to meeting to discuss proposed design alternative

An update and a discussion about a proposed alternative in the preliminary design for street and landscape improvements for R Street between 16th and 18th streets will be held Monday, April 30, from 6 p.m. to 7 p.m., at the CADA Event Center, 1322 O Street.

The meeting is hosted by the City's project team, CADA and Councilmember Rob Fong. Community residents, business and property owners and other interested stakeholders are encouraged to attend.

Illustrations of some of the proposed improvements and the proposed plan changes to be discussed can be viewed on the project webpage in advance at

www.cityofsacramento.org/transportation/engineering/RStreetmarketplaza/index.html. Comments can be made to the project manager via the webpage or at the meeting.

The project is part of on-going effort by the City of Sacramento and the Capitol Area Development Authority (CADA) to transform the R Street Corridor into a lively, transit-oriented, mixed-use neighborhood. R Street improvements between 16th and 18th streets is phase II, building upon the successful phase I project between 10th and 13th Streets, which was completed in January.
