Release: September 5, 2012

Solid Waste & Recycling Division Launch FaceBook Page

There is a new page on FaceBook where City of Sacramento residents can talk trash – and yard waste and recycling.

“The page is one of many tools we plan to use in the next year to educate and engage our customers on garbage, recycling and yard waste services,” says Steve Harriman, Integrated Waste Manager.

Page followers can expect to see information on what is and isn’t recyclable, updates on loose-in-the-street service during the Fall leaf season, notices of composting seminars and other information to help residents access and understand the services provided by the Solid Waste & Recycling Division.

The page will be monitored by City staff who will post items of interest and moderate comments.

To follow the new page, visit www.facebook.com and search for “City of Sacramento – Solid Waste & Recycling.”
