BICYCLE PARKING

LOCATING YOUR BIKE
Bicycle theft is a common problem. Never leave your bike unattended, and never use a second-hand chain. Always use a high-quality U-lock. Locks the frame and front wheel to a secure pole. Some keyholes can often be easily removed from a bike.

FIND A BIKE RACK
There is a map of where you can find bike racks throughout the City of Sacramento at www.sacramento.ca.us/bikeshareinfoorg.

REQUEST A BIKE RACK
Do you have a secure bike parking for your bike? The City will install bicycle racks on properties where there is a demonstrated need. You can request a bike rack at www.sacramento.ca.us/bikeshareinfo.org.

BE READY TO ROLL

HELMETS ARE REQUIRED
For bicycles under 16 inches and recommended for all users. Helmets should be snug, have MIPS technology, and be certified by the Consumer Product Safety Commission.

BICYCLISTS MAY NOT WEAR EARPLUGS IN BOTH EARS
or a headset covering both ears.

SEE, BE SEEN AND BE HEARD
Use lights to signal your intentions. A white headlight and red taillight are required by law. Giving hand signals is highly encouraged. Bicycle lights are a great way to communicate with these around you.

PARK RESPONSIBLY
Park in a space, upright position at a bike rack or City designated drop zone on public property where there is a demonstrable need. You can request a bike rack at www.sacramento.ca.us/bikeshareinfo.org.

SCOOTERS

DON'T SCOOT ON SIDEWALKS
According to the California Vehicle Code (20318), electric scooters can not be driven on sidewalks or in the roadway. Citations in the amount of $100 can be issued to individuals riding scooters on the sidewalk.

USE HAND SIGNALS
Use hand signals to let drivers know where you are going. Signal your turns and stops ahead of time. Also, before turning, look over your shoulder for any traffic. Check and only move when it’s safe.

COMMUNICATING WITH OTHER STREET USERS

USE LANE POSITION
Use the correct lane position when cycling in traffic. Maintain control over your vehicle. Use the correct lane position when cycling in traffic. Maintain control over your vehicle.
