

ORDINANCE NO. 2019-0007

Adopted by the Sacramento City Council

April 2, 2019

**An Ordinance Amending Chapters 5.18 and 10.76 of the Sacramento City Code,
Relating to Shared-Rideable Businesses**

BE IT ENACTED BY THE COUNCIL OF THE CITY OF SACRAMENTO:

SECTION 1.

Chapter 5.18 of the Sacramento City Code is amended to read as follows:

Chapter 5.18 Shared-Rideable Businesses

ARTICLE I. General Provisions

5.18.010 Purpose and intent.

The purpose of this chapter is to establish shared-rideable business requirements that achieve the city's goals of encouraging active transportation and providing adequate shared-rideable parking to meet the needs of shoppers, visitors, and residents while also reducing the potential for shared-rideables to block or interfere with pedestrian and emergency service use and access to all streets, sidewalks, paths, driveways, doorways, and other avenues of vehicular and pedestrian traffic.

Some shared-rideables can be self-locked anywhere within the city, making it difficult for the city to ensure that shared rideables are placed safely, upright, and out of the way of pedestrian walkways, bikeways, and roadways. In addition, shared-rideables can become a cause of blight in both residential and nonresidential neighborhoods. Without regulation, shared-rideable businesses pose a threat to the public health, safety, and welfare.

The city council finds that regulations governing shared-rideable businesses are necessary to promote the general health, safety, and welfare of the citizens of the city by:

- A. Ensuring safe operation of shared-rideables in the city;
- B. Protecting the public right-of-way from uncontrolled, unmanaged encroachment;
- C. Creating clear expectations for shared-rideable management and operations;
- D. Establishing responsible parties and processes to address nuisances; and
- E. Ensuring equitable access and widespread investment in the city.
